**Subject:** Re: DNS 14-006: CLEAR LAKE ACCESS IMPROVEMENT - TOILETS - Thurston County

Hello Cindy,

I have reviewed your comments for the Clear Lake Access Improvement. I will be consulting with Thurston County on the necessary permits required for this project. I have contacted the Permit Assistance Center and will continue to work with Thurston County through the improvement project.

The future modifications of the boat ramp, as mentioned in your comment, are not included in this SEPA or in the project design. Due to the length of time that permitting will take for the ramp, we have split the project. We will continue to coordinate with Thurston County for the second project and a SEPA for that project will also be sent to you for comment. We look forward to working with Thurston County as we develop future aspects of the project.

Thank you for your comments.
